March 2024

Re: Rate Increase

Notice to Customers,

While it is our intention to keep rates as low as possible, we, The Board of Directors of Public Water Supply District #1, have voted to increase the minimum charge from \$5.86 to \$6.00, and to drop the tiered rate structure effective on the April 2024 billing.

We, The Board of Directors of Public Water Supply District #1, have also voted to increase the Connections fees as follows:

Connection Fees – Water

For all connections on or after April 1, 2024

All Customers, Regardless of Type

Meter Connection Fee

- ¾" Meter, all types \$1,000
- 1" Meter, all types \$1,200
- 1" to two ¾" Meters, all types \$1,900
- >1 Meter, all types Cost + Labor +15%

As we continue to feel the impact of the economy while maintaining our financial obligations, cost of materials and services, and equipment needed to manage day-to-day operations, the Board of Directors felt this increase was necessary to continue to provide safe drinking water to our customers. This is the first change/increase in rate structure since 2005.

Sincerely,

The Board of Directors,

Public Water Supply District # 1 of Cole County, Mo.
